## February Meeting

The February Meeting will be held at the Bartlett Field House as usual on the 24th at 7:30 P.M. sharp. We will have a show and tell session at this meeting. Anybody wishing to bring in current projects in any stage of construction, feel free to do so. Questions on building techniques, helpful hints, etc., will be brought up at this time. If you have a nagging problem on that new kit you're building, chances are your questions will be answered at this meeting.

## Club Logo

Three entries were submitted for our new logo. There are as follows:

George Holada...Bi-Plane In A Circular Patch

Bob Jukiewicz...Mono-Plane In A Circular Patch

Howard Roth...A Flying Barn In A Circular Patch

A vote was taken and the winner was George with the Bi-Plane Logo. The exact layout and different uses for this logo will be discussed at the February and future meetings. We'll also talk about Club Colors.

## Meeting Location

To date we have only one possible location for our meetings, other than the Bartlett Park Field House. We need for all the members to explore the possibilities of halls available for all future meetings. You should check with your local communities, schools, churches, etc. It's Up To You, a new meeting location was approved but we're getting very little input as far as securing a new location from members. If a new location is desired, we need everybody's help. We would like all your suggestions by the February meeting so we can be all set to make our move by the time the March Meeting rolls around.

We would prefer the new meeting nights to be on a Wednesday. It would be nice to secure a free meeting hall, but if a rent is required, let us know what the cost would be.

## Name Plates

Two of our members have offered to produce club name plates for all current paid members. John Bednarz and Mike Barela have the equipment available to make plastic laminated name plates with the Club Name and Members Name engraved on each name plate. These name plates will be available to the members at the March meeting. If you haven't paid your dues by the February meeting, you won't be receiving a name tag plus you will be dropped from the roster.

### Club Roster

In conjunction with the name plates, a club roster will be available at the March meeting. The roster will consist of your name, address, phone number and AMA number. For all members who have already paid their dues, please alert me either by phone or at the February meeting of your AMA number. Remember all active club members must have current AMA registration and FCC license.

### Club Dues

If club dues can't be paid in person at the February Meeting, you can make your check or money order payable to Barnstormers, Inc., and mail them to:

Barnstormers, Inc.  
c/o Bernard Klug  
1735 Crandon Lane  
Schaumburg, Ill. 60193

Remember, this is your last chance at paying your dues before being dropped from the Club!

### AMA Charter

Plans are in the works on getting a charter for our Club. As soon as our final roster is available after the February meeting, charter procedures will take place.

### Batteries

Remember to keep those batteries cycled. The good flying weather isn't all that far off!
